

REACH - Chemical Regulation

REACH, Regulation No 1907/2006 on the Registration, Evaluation, Authorisation and Restriction of Chemicals.

REACH requires that sufficient information on Substances of Very High Concern (SVHC) contained in articles in concentration above 0.1% weight by weight (w/w) is communicated to allow the safe use of the product.

The following information cover 251 REACH SVHCs which were updated by ECHA on 5 November 2025. (<http://echa.europa.eu/candidate-list-table>)

The Brother product listed in the table below contain SVHC in articles in concentration above 0.1% weight by weight (w/w). Detailed information is available on the ECHA's SCIP-database. (<https://echa.europa.eu/scip-database>)

Instructions for how to use the SCIP database can be found on the "Help" page found

by clicking the icon 

The SCIP Database can be searched using either the 'Article Identifier' or the 'General Product Name' shown below. If several products are shown, please select appropriate model considering the region you purchased the product from.

General product Name	Article Identifier
